- All meeting attendees will participate as members of the workgroup Development Team
- All “Regular” and “Workgroup” meetings are open to the Public
- Meeting Protocol will be enforced

Workgroup New Structure & Focus (Cont.)

TTPCC developed a new workgroup structure, focus, procedures and Issue selection process that will provide a framework where PCC can resolve the Challenges. **Note:** *Number of meetings is identified in later slide called “Support”*

- **TTPCC hasn't met with ASIA & FHWA since September 2011.**

Problem: Getting approval for a meeting with travel costs greater than \$20,000 is difficult to impossible.

Solution: Sending a smaller group to DC keeps costs under \$20,000.

- **TTPCC Full Committee meetings are difficult to schedule.**

Problem: PCC is committed to schedule Regular meetings at Tribal Facilities. Scheduling a Full Committee Meeting at Tribal Facilities and keeping travel costs less than \$20,000 is difficult to impossible.

Solution: Schedule Independent workgroup meetings. Keeping Travel costs under \$20,000 for 12 Committee Members is much easier to accomplish.
